<p><b>Article 14: NH Resolution to Take Action on the Climate Crisis (Petitioned Warrant Article)</b></p> <p>We the town of Alstead hereby call upon our State and Federal elected representatives to enact carbon-pricing legislation to protect New Hampshire from the costs and environmental risks of continued climate inaction. To protect households, we support a Carbon Fee and Dividend approach that charges fossil fuel producers for their carbon pollution and rebates the money collected to all residents on an equal basis. Enacting a Carbon Cash-Back program decreases long-term fossil-fuel dependence, aids in the economic transition for energy consumers, and keeps local energy dollars in New Hampshire's economy. Carbon Cash-Back has been championed by US economists (Jan 17, 2019 WSJ) as the most effective and fair way to deliver rapid reductions in harmful carbon emissions at the scale required for our safety.</p> <p>We expect our representatives to lead in this critical moment for the health and well-being of our citizens and for the protection of New Hampshire's natural resources upon which we all rely.</p> <p>The record of the vote approving this article shall be transmitted by written notice to Alstead's State Legislators, to the Governor of New Hampshire, to New Hampshire's Congressional Delegation, and to the President of the United States, informing them of the instructions from their constituents, by Alstead's Select Board, within 30 days of the vote.</p>	<p>YES <input type="radio"/></p> <p>NO <input type="radio"/></p>	<p>258</p> <p>148</p>
